4. To provide school room space to accommodate 12 classrooms and allied support space such as principal, library, administration

Vision meeting

March 17, 2006

Temple Sinai Board of Trustees and Strategic Planning Council is undertaking a comprehensive evaluation of the congregation's current needs in order to plan for our future.

One aspect of the evaluation requires us to brainstorm about the future of our congregation. You have been identified, along with other members representing a cross section of the membership, to participate in this "visioning" session. We are asking you to contribute by attending April 24 at 7PM at the Temple. The visioning session will not exceed 90 minutes and will be facilitated by a professional. Your role will be to share your ideas about what Temple Sinai means to you now and what you would like it to be in the future. The meeting facilitator will provide more detailed directions at the session and guide us through the process. The information from the session will be used to help the Board and the Strategic Planning Council complete their overall evaluation. This is an opportunity for you to contribute your ideas about the future of our congregation.

Please respond to Charlie Newman (587-5946 or cnewman@nycap.rr.com) with your interest and availability to attend the session.

We appreciate your support to move this initiative forward.
